It All Started...

in 1992, when Stephanie Croley was selling muffins and coffee in a small cafe in Greenville, SC. Her muffins were so tasty that people began ordering them by the dozens. Stephanie saw the potential and opened up a wholesale bakery. The product line soon expanded to include Creme Cakes and Pound Cakes. New flavors were added. With the quality as the first priority, The Muffin "Mam" quickly grew to become a major distributor in the south and east coast.

Today...

The Muffin "Mam", Inc is available to retail supermarkets and food service outlets, nationwide. We wholesale our quality, custom baked cakes and muffins for Muffin Mam, or private resale. Our products are packaged in sturdy domes which are specially designed for freezer storage. The product is packaged with a flavor, ingredient, & scan label. Pre-pricing is also available if desired.
