

About Our Company

For more than ten years Presentation Media has provided superior "state-of-the-art" equipment and technical expertise. We have the staff to stage and manage large ballroom affairs, convention center events, and trade shows. We are committed to providing you with the best quality equipment and experienced personnel at a reasonable price.

We see to it that you have what you need when you need it: small or large venue projectors, sound systems, plasma and LCD monitors for video and data . . . in stock and ready to go.

We have an experienced staff to assist you in meeting your presentation goals. Your reputation is our reputation and every step of the way we are working for your success.

We want to be your presentation partner offering equipment & services when and where you need them

Special Capabilities

Video Walls

A Video Wall is a stack of 42" modular projection monitor cubes. Controlled by an electronic image processor, it allows images to be placed

in any combination, on any number of cubes at various magnifications. Your "Big Impact" idea becomes a reality with our team.

Typical Video Wall Applications:

- Television Specials
- Convention Centers
- Trade-Show Exhibits
- Lobbies
- Public Buildings

Projectors

Presentation Media specializes in projectors: from the ultra small portables used in meeting rooms, to the brightest, highest resolution. Large venue projectors take you beyond the realm of the boardroom to large-scale productions, such as: award ceremonies, plenary sessions, and movie premiers. . .
